# EAM 2020 FEEDBACK SURVEY RESULTS
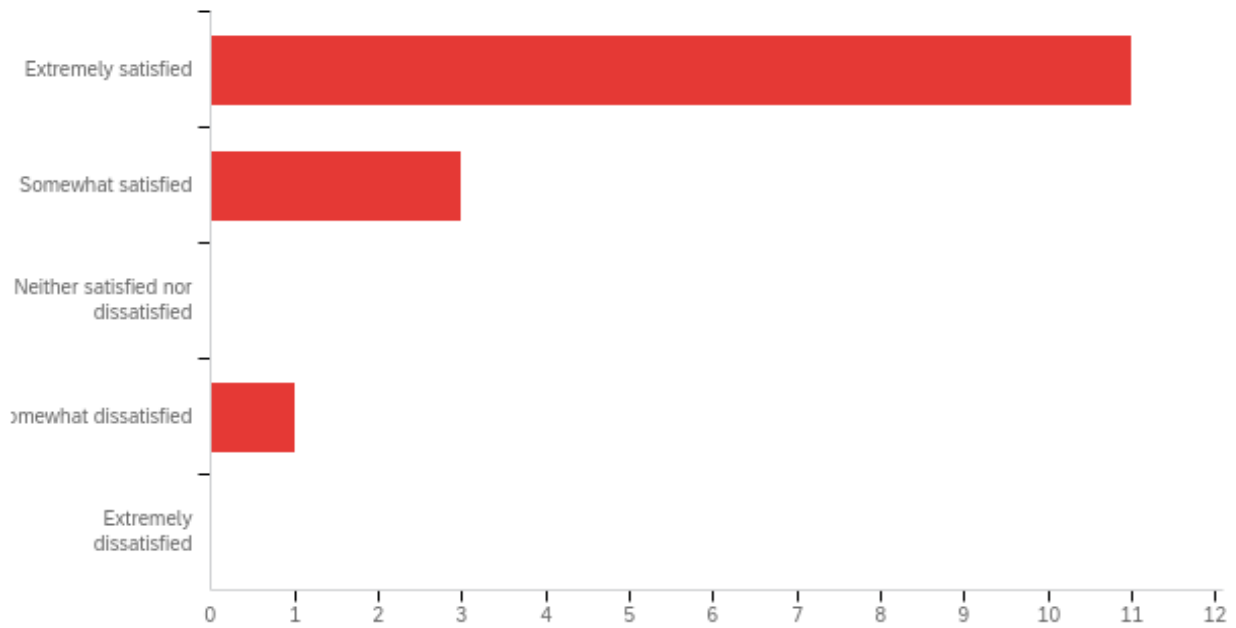

Q. What did you like most about EAM 2020: 57th Annual Meeting of the Eastern Academy of Management?

| |
|---|
| The collegiality! For the first time since joining the field 8 years ago, I truly felt accepted. |
| That it is a very friendly and small conference offering great networking opportunities. |
| The personal feel of the sessions and the organization of the conference (set schedule and daily email of links) |
| I managed to connect with scholars I expect to collaborate with in future. |
| I did not like the virtual format (I'm really a "high touch" sort), but I am truly AMAZED at how well the leadership team made the transition from on-site to online. While I would still prefer a face-to-face meeting, the experience was really FANTASTIC when I consider how much work went into it. I cannot say enough good things about the leadership team! |
| Even though it was virtual for the first time ever, the sessions were held smoothly. The overall organization was well-done. |
| Ability to participate and connect with colleagues despite the pandemic. I received valuable feedback about my research and the PDWs were very helpful. |
| The sessions I attended were very interactive. |
| Still same collegial atmosphere. Online format permitted lots of questions and dialogue in sessions (even more in most cases that if sessions were in person). Very well organized and seamless. |
| Opportunity to attend sessions where researchers are doing great stuff. I learned a lot. |
| I thought that the sessions worked really well online. |
| Smaller sessions allowed for discussion. Nice when people had videos on. |
| The online sessions worked perfectly (or nearly perfectly). It was great to see old friends and to meet new people. |
| It ran very smoothly and we felt like it was a community of learning and exchange of ideas. |
